WARRANTY INFORMATION

TWO YEAR NON-TRANSFERABLE LIMITED WARRANTY

- To provide customers with quality shopping and user experience, we guarantee to replace or issue a refund or provide acceptable solutions to any defective products (as customers prefer) from the date of purchase to 2 years.
- Proof of purchase must be provided (Retailer order number or receipt) when making a claim to our customer support center.
- We provide warranty services only to buyers who purchased from one of our authorized stores and possess proof of purchase. This coverage does not extend to other purchasers or subsequent owners.
- Price matching policy is not applicable. No price difference refund.
- Sellers are the responsible party. Amazon and Walmart allow different sellers to sell the same product, so please confirm the seller by checking the order details before contacting us.

WHAT IS COVERED

2. Received with missing parts;
3. Defective item under proper use.

WHAT IS NOT COVERED

1. Purchased from non-authorized channels or other physical stores;
2. Gift without proof of purchase;
3. Tampering/abnormal use/ accidental damage;
4. Replacements and parts;
5. Installation fee/ labor fee.

MAKING A CLAIM

If you have any problems when using our products, you can choose any of the methods to reach out to us.

E-mail: support@aborderproducts.com

30 Days Free Return & Replacement

2-Year Product Warranty

Gifted parts, replacements, consumable products are not covered by the 2-year warranty.
Manufacturers' warranties may not apply in all cases, depending on factors such as use of the product, where the product was purchased, or who you purchased the product from.
Please review the warranty carefully, and contact the manufacturer if you have any questions.

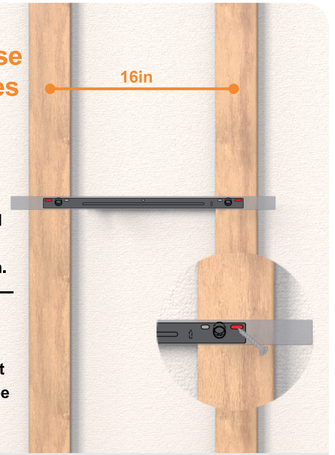

⚠WARNING

Keep small parts out of the reach of children and pets!
Furniture may cause serious or fatal injuries by accidentally falling down!
To prevent this furniture from falling down, it must be permanently fixed to the wall using the wall attachment fittings included in the packaging.

FLOATING SHELVES

Organize your life, brighten your life

For drywall, please install the shelves on studs

When installing, use a stud finder to locate two studs and mark one hole on each. No wall anchors is needed—simply screw directly into the studs.

Tips: Drywall anchors must be used for the middle three holes that are not located on wooden studs.

User Guide

FLOATING SHELVES INSTRUCTION MANUAL

TOOLS NEED(NOT INCLUDED)

Drill | Hammer | Stud Finder | Screwdriver | Pencil | 5/64 inch drill | 15/64 inch drill

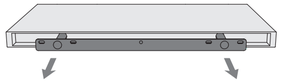

PARTS LIST

Wood shelf * 2 | T-shaped bracket * 2 | Screw * 10 | Wall anchors for concrete/brick walls *10 | Short screw * 4 | Drywall anchors (middle three holes only (not on studs))*6 | Level

INSTALLATION

STEP 1 — Take Out the T-shaped Brackets from the Shelf.

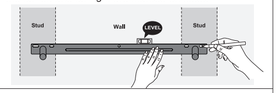

STEP 2 — Brackets Installation

For Drywalls

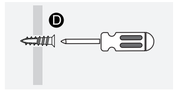

(1) Use a stud finder to locate the stud.

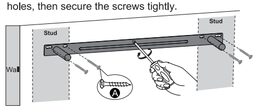

(2) Place the T-shaped brackets on the wall and mark the drilling points. Tips: Make sure the drilling points on the far left and far right are marked on studs.

(3) Simply screw wall anchors directly into marked points. Tips: No wall anchor is needed at the stud installation points.

(4) Align the T-bracket holes with the wall anchors. Insert the screws into the wall anchors and tighten. Adjust the bracket (both left and right sides) to align with the shelf holes, then secure the screws tightly.

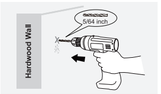

For Wood Walls

(1) Place the T-shaped brackets on the wall and mark the drilling points.

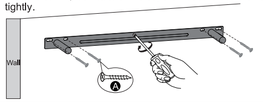

(2) Wall anchors are not required for wood wall installation.

Tips
If it's a hardwood wall, drill holes at the marked points with 5/64 inch drill.

(3) Adjust the bracket(both left and right sides) to align with the drilling points/shelf holes, then secure the srews tightly.

For Concrete/Brick Walls

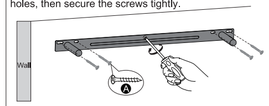

(1) Place the T-shaped brackets on the wall and mark the drilling points.

(2) Use a 15/64 inch drill holes at the marked points and hammer the wall anchors into the holes.

(3) Align the T-bracket holes with the wall anchors. Insert the screws into the wall anchors and tighten. Adjust the bracket (both left and right sides) to align with the shelf holes, then secure the screws tightly.

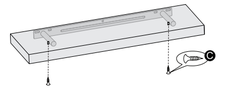

STEP 3 — Wood Shelves Installstion

(1) Insert the shelf into the T-shaped brackets.

(2) Fix the brackets on the board with short screws.

SCREW SYSTEMS FOR DIFFERENT WALLS

Wood or Stud (≤22lbs) | Concrete and Brick (≤22lbs) | Drywall (≤11lbs)

As wall materials vary, please assess the wall to ensure that it will withstand the weight.
Also, be aware that a wall made of plaster cannot support as much weight as a wall made of wood, concrete or brick.
For advise on suitable screw systems for your wall, contact your local specialised dealer.
